SELECTION PROCEDURE

**ROUND 1:-OT
ROUND 2:-TECHNICAL
INTERVIEW
ROUND 3:-MANAGERIAL
ROUND**

INTERN EXPERIENCE TALK

BRACH :- Electrical and Electronics Engineering

INTERNSHIP SEASON :- Internship turning it into a PPO

DESCRIPTION OF ROLE :- SDE

JOB LOCATION :- BANGALORE

SKILLS LEARNED :-

DESCRIPTION OF ONLINE TEST :- Online Test comprised of 3 DSA question

DESCRIPTION OF INTERVIEW :-

The technical interview focused on low-level system design. I was tasked with designing a fundamental car rental system, analogous to Uber. Other candidates were questioned on topics including a split-wise expense tracking system and Kafka. The emphasis was on low-level C++ design. Reviewing relevant YouTube resources would be beneficial.

DESCRIPTION OF HR ROUND

The managerial interview focused primarily on projects detailed in my resume, specifically questioning the functionality and purpose of various endpoints. Subsequently, the interviewer posed several high-level design questions assessing my ability to address time complexity challenges in diverse scenarios.
