Description,  
Round 3&4 - mix of  
technical and HR interview.**

## **INTERN EXPERIENCE TALK**

**BRANCH :- Electrical and Electronics Engineering**

**INTERNSHIP SEASON :- 6 months intern + FTE**

**DESCRIPTION OF ROLE :- KITES Intern**

**JOB LOCATION :- Haridwar**

### **Tips:**

**Have some proof of soft skills. Either CR, club participation or anything. They need people who can effectively communicate with the labourers working in their factory. For HR questions, a youtube channel "Thinkschool" should be referred. They have made 2-3 videos about ITC. For technical questions, having a stronghold on basics is a must. Class notes should suffice. Also having a strong aptitude is a must. They want a person who can think in their toes.**

## **DESCRIPTION OF ONLINE TEST**

**Online test was completely aptitude. Solving Aone tests on google should help prepare for the online test.**

## **DESCRIPTION OF TECHNICAL INTERVIEW**

**They asked questions from subjects such as electrical machines-2 (specifically induction motor), control systems (PID Controller and other controller characteristics) They also asked basic questions from electric drives. They kept increasing the difficulty of the questions every time I answered the questions.**

## **DESCRIPTION OF HR ROUND**

**HR questions were really about whether you know about their company and businesses or not. To prepare for HR questions, one should read about the businesses and past accomplishments of ITC.**
