### **DESCRIPTION OF INTERVIEW :-**

**They asked me questions from all the relevant subjects back from 1st year as well. Questions were based on theoretical parts. Sometimes they did ask about formula based questions as well. Since it's a software company, they expect you to know some coding language (C++, MATLAB, JavaScript, python) any of these languages. They also expect you to know OOPs.**

### **DESCRIPTION OF HR ROUND**

**Asked me template HR questions like what will you do if a team member is not contributing. Preparation for this round can be done by leveraging ChatGPT.**
