7.0 CGPA

SELECTION PROCEDURE

**Round1- Online Test,
Round 2 and 3- Technical
Interview,
Round4-HR Interview**

INTERN EXPERIENCE TALK

BRANCH :- Electrical and Electronics Engineering

INTERNSHIP SEASON :- Internship

DESCRIPTION OF ROLE :- Server Technology

JOB LOCATION :- BANGALORE

SKILLS LEARNED :-

DESCRIPTION OF ONLINE TEST :-

**1 Leetcode medium level DSA question on dynamic programming, and
Mcqs covering CS fundamentals, oops,databases.**

DESCRIPTION OF INTERVIEW :-

There were two Rounds of Technical Interviews.

Round1 was focused on fundamentals of what I knew. OOPS,Python,DBMS,C++,Basic DSA, etc. It was not that deep.

Round2 was very deeply focused on the projects in my resume, a Leetcode medium level DSA question,so this was lengthy out of all.

DESCRIPTION OF HR ROUND

HR Round is well, just like a HR Round. Started with some Standard HR Questions, after the questions were over, we were just having a good convo. The key is to drive a convo.
