DESCRIPTION OF ONLINE TEST,INTERVIEW

Round one is an Online test and it consists of only Multiple Choice questions. Few questions involves code debugging, Identifying the expected out. Few Theory question from basic CS Subjects (like DBMS, Operating Systems and Computer Networks) and few Aptitude questions.

Round 2 - We were given 1.5 hr time to solve 3 DSA questions. In first question, we need to find the duplicate elements. In second question, we need to encrypt or decrypt a string based on the given key (which is an Integer). We can use Ceaser Cipher technique to solve the question. The Third question is similar to word ladder question in leetcode.

Round 3 - Basic Group Discussion round, we were given 15 mins time to discuss on the given topic. In our case, the Topic is " Is Modernization making people less Human ".

DESCRIPTION OF HR ROUND

There is no Hr Round, rather it was a HR discussion. HR just had a discussion with the selected students one on one. HR just had discussion with the selected students about the offer given to the students by the company.
